# STOP LEASING; OWN YOUR BUSINESS PROPERTY!

### THE CHALLENGE

Western Medical is a wholesale medical supply company owned by Mike and Denise McGaffey. Upon a purchase of the company, they leased an industrial warehouse space in the Fruit Valley neighborhood for about 5 years. They came upon the realization that leasing did not give them all the financial benefits they could generate if they owned their business property. The challenge was to find a right sized property that had both a warehouse component and potential to host Tenants, wisely sharing the expense. We determined their needs were between 7,000 and 10,000 square feet with a preference to remain close to the Downtown Vancouver core.

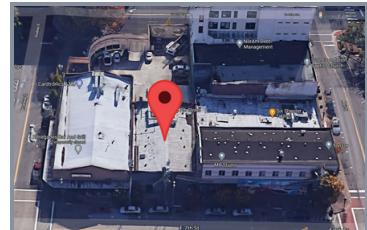

### THE ACTION

A year prior to lease expiration, we met to determine search parameters and began touring potential properties. Each tour provided valuable feedback, clarifying what components would be priority for a successful operating environment along with allowing for Tenants. After several months touring both on-market properties and reaching out to building owners, we came upon the Fraternal Order of Eagles property (a.k.a. F.O.E. Bldg.) located on 7th Street in Downtown Vancouver. This 7,877 SF property had all their priorities and more. Offering lots of character, with classic brick walls and high ceilings, it would also afford Tenant lease space. Western Medical had found their new office with much needed warehouse space for inventory storage, allowing them continued expansion of their business for years to come!

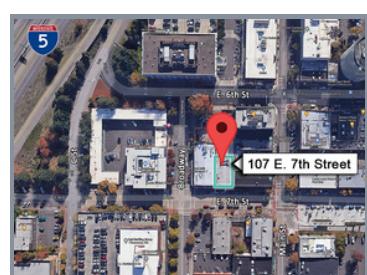

After their purchase, Mike and Denise went right to work on improvements for lease spaces. This process spanned a couple years to complete, due to pandemic challenges. In late 2020, we began marketing efforts to for two spaces, targeting Retail Tenants who wanted to be in the Downtown Vancouver corridor.

### THE RESULT

- Secured lease space on a 5-year term for initial office/whse operations center
- Successful negotiation & purchase of 7,877 SF Building with potential for multiple Tenants
- March of 2021, negotiated and secured first Tenant on a 5-year lease
- June of 2021, negotiated and secured second Tenant

### Testimonial

"Jim has helped us with multiple projects. Acquiring our first lease space in Fruit Valley, after we purchased Western Medical and relocated to Clark County. He then stayed in touch, continuing to

provide resources as we considered our longer-term vision of owning our business property. As our lease came due, he helped us manage the search for a new location, handled negotiations and communicated all throughout the transaction process purchasing our building in Downtown Vancouver. Following completion of extensive refurbishments, Jim was again there to help guide us step-by-step as we became Landlords. He helped us navigate the complex leasing process, working hard to find, negotiate and secure great Tenants."
